## 2019 OHDSI China Annual Symposium

## June 27-29 2019 Shanghai Jiaotong University, Xuhui Campus <a href="https://ohdsichina.org/2019">https://ohdsichina.org/2019</a>

## Agenda V8.0

Session	Name	Affiliation	Title
6/27			
Thursday			
Conference S	Start 8:30-9:00am		
Keynote DRHIF 9:00- 9:45am			
Keynote OHDSI 9:45- 10:30am	Rae Woong Park, MD, PhD	Director and Professor, Ajou University School of Medicine	FEEDERNET: Evolution of Distributed Research Network in Korea
Break 10:30	– 10:45am		
Session: Visi	on on Big Data 10:45 –	11:45am	
	Limin Wang MD	Professor and Director, Division of Surveillance, National Center for Chronic and Non Communicable Diseases Control and Prevention, China CDC	慢性病流行病学大数据发 展现状与思考
	Hongfang Liu, PhD	Professor and Division Chief, Mayo Clinic	Accelerate digital medicine by advancing informatics and analytics for clinical excellence
Lunch 11:45	•	1. 1.45	
Session: OHI		red tools 1:15 – 3:20pm	Tar. 1
	Christian Reich, MD, PhD	OHDSI co-founder, VP Real World Analytics Solutions, IQVIA	Global multicenter research in the OHDSI research network

	Jingsong Li, PhD	Professor, Zhejiang University	Constructing a healthcare Big Data platform in Zhejiang - the Zhijiang Project 之江实验室项目 – 浙江医 疗大数据平台建设
	Na Hong, PhD	GM of DCHealth Technologies Inc.	Converting Lung Cancer Big Data of China to the OHDSI Common Data Model 中国肺癌大数据到 OHDSI 通用数据模型的转化
	Buzhou Tang	Associate Professor, Harbin Institute of Technology	NLP for healthcare – are we ready for practice? 医疗自然语言处理 – 我们准备好了吗?
	Hua Xu, PhD	Professor, The University of Texas Health Science Center at Houston	Atlas in Chinese 开源科研分析平台 Atlas 中 文版介绍
Dec. al. 2.20	2.40		
Break 3:20 – Session: Use (	3:40pm Cases #1 3:40 – 5:20pn	n	
	Yi Zhou, PhD	Associate Professor, Sun Yat-sen University	Deep learning-based predictive modeling of seizure based on EEG data 基于深度学习的癫痫脑电发作预警研究
	Lei Liu, PhD	Professor, Fudan University	Knowledge graph-based clinical decision support systems 基于知识图谱的临床决策 支持
	Li Wang, PhD	Associate Professor, Nantong University	Multi-site analysis of drug uses based on NCCD – a case study of systemic lupus erythematosus 基于 NCCD 的多中心大规模 患者临床药物分析-以系统性红斑狼疮为例
	Xi Zhang, PhD	Senior Engineer, Jiangsu Province Hospital, Nanjing Medical University	Application and practice of OHDSI-based clinical studies in China 基于 OHDSI 的医疗研究应用实践
OHDSI China (	Committee Meeting: 5	5:30– 6:30pm Closed ses	sion, by invitation only.

6/28 Friday			
	OSI Data Analysis 8:30 -	- 10:35am	
	Fei Wang, PhD	Associate Professor,	Analytics with Healthcare
	_	Cornell University	Data Big and Small
	Hui Lv, PhD	Professor, Shanghai	Combining phenotype and
		Jiaotong University	genotype for genetic
		-	diseases analysis
	Yong Chen, PhD	Associate Professor,	A Communication Efficient
		University of	Distributed Algorithm for
		Pennsylvania	Regression Analyses with
			Rare Events
	Hua Zhong, PhD	Associate Professor,	Cardiovascular disease
		New York University	prediction for diabetic
			patients from longitudinal
			electronic health record data
	Lixia Yao, PhD	Assistant Professor,	Extracting Kinship From
		Mayo Clinic	Obituary to Enhance
		-	Electronic Medical Records
			for Genetic Research
Break 10:35-	10:50am		
Session: Use	Cases #2 10:50-12:30p	om	
	Yuxi Li, MD	Attending Physician,	Facilitating clinical research
		The first affiliated	using EHRs: development
		hospital of Peking	and practice of a
		University	cardiovascular CDR
			电子病历数据助力临床研
			究:心血管专科 CDR 的建
			设与实践
	Sheng Nie, MD	Attending Physician,	Clinical research for kidney
		Nanfang Hospital,	disease – from traditional
		National Clinical	epidemiology studies to big
		Research Center for	data platforms
		Kidney Disease	从肾脏病人群流行病研究
			到大数据平台的建立
	Qiong Wang, MS	副科长,高级工程	Patient level prediction using
	, , , , , , , , , , , , , , , , , , ,	师, The third affiliated	EHRs – Challenges and
		hospital of Guangzhou	Opportunities
		Medical University	基于电子病历的个人预测
			模型 – 挑战和机遇
i i			
	Qin Ye, MD	Associate Principal, ZS	Real world data and artificial
	Qin Ye, MD	Associate Principal, ZS Associate	
	Qin Ye, MD	• •	Real world data and artificial intelligence – introduction to use cases
Lunch 12:30		• •	intelligence – introduction to
		Associate	intelligence – introduction to
	– 2:00pm	Associate	intelligence – introduction to

	Liara Tutina	Customer Relations	"Introduction to SNOMED"
		Executive Asia and	(The organization, the
		Pacific	community and the
			terminology)
	Linda Bird	Head of Education	SNOMED CT Education and
		and Product Support	Data Analytics
	Zhi Wang, MD	Chief Terminologist &	SNOMED CT 在中国落地情
		Director of DCHealth	况
		Technologies Inc.	
6/29			
Saturday			
OHDSI Tutor	rial 9am – 5pm		
Mui Van Zar	ndt, MS		
Christian Re	ich, MD, PhD		
Lingyi Tang,	MS		
Hua Xu, PhD	)
