

OHDSI NLP WG Updates

- 2019 Summary
 - Monthly meetings
 - NLP Tools (<https://github.com/OHDSI/NLPTools>)
 - THEIA – compatible with cTAKES, MetaMap, and CLAMP, ETL to NLP table, and search/visualize NLP outputs
 - Other ongoing projects
 - Mapping of Note Types to LOINC/standard vocabulary
 - Extension and standardization of concept-modifiers from NLP systems
- 2020 Aims
 - Develop and disseminate THEIA to promote ETL for the NLP table
 - Update the NLP table (version 2)
 - Continue developing other NLP resources (e.g., Note type)
 - Conduct cross-site studies that use textual data
