

Generative AI and Foundational Models Workgroup

Gen AI and Foundational Models Workgroup mission

To advance healthcare research and improve patient outcomes through the innovative application of generative AI and foundational models.

GenAI and FMs Workgroup objectives and key results

- Promote awareness and collaboration in GenAI and FM research
 - Maintain a comprehensive directory of ongoing methods research
 - Have at least 6 presentations of ongoing methods research (i.e. work that hasn't been published yet)
 - Average attendance of meetings ≥ 20 researchers
- Establish best practices and standards
 - Aid the formulation and adoption of the MEDS standard developed by Stanford
 - Draft best practices document
