Winter 2026 Vocabulary Release

Scan here for
Vocabulary-v5.0
Release note!

- **New contents**
 - Mixed domain: refresh of CEIL, EDI, HCPCS, CPT4
 - Drugs: + 25k new concepts and mapping from NDC, VA Class, CVX, ATC
 - Special cases: new concepts for visual acuity and type concepts
- **Improved Mapping, Hierarchies and Structures**
 - +2k curated mapping and fixes of mapping errors
 - CPT4/HCPCS-SNOMED expanded hierarchy
 - Improved ATC
- **LLM-Powered Vocabulary Strategy**
 - **Automated Mapping (Ariadne)**: Currently mapping source terms to *SNOMED* within Condition domain using LLM
 - Pipeline expansion to **Procedure** and **Measurement** domains
 - **QC** utilizing LLMs for pre-release validation by comparing mapping changes between versions and detecting errors
 - Hosting a **challenge @ EU symposium** to test tool performance

2026 OHDSI APAC OKRs

Mui Van Zandt

2025 OHDSI APAC Key Results

Research

Guideline-driven
Evidence
Generation

Evidence-driven
Data
standardization

Build research expertise and collaboration amongst the different chapters through publication

Milestones

- Ongoing work on 2024 APAC Study (GLP-1 ALI) to expand data partners and explore more outcomes
- Supported 3 new network studies led by China, continued efforts to further progress the studies

Training

Evidence-driven
Data
standardization

Evidence-driven
Collaborative
Education

Create an APAC training program to expand reach to the general community and provide more opportunities for hands-on learning

Milestones

- In process of establishing an official 8-week OHDSI course at National University of Singapore (NUS)
- Australian Health Data Evidence Network (AHDEN) launched for nationwide adoption of OMOP
- The Book of OHDSI in Japanese

Communication

Guideline-driven
Evidence
Generation

Create collaboration activities that encourage collaborative generation and dissemination of evidence that promotes better health decisions and better care

Milestones

- Successfully hosted 2025 APAC Symposium in Shanghai, China
- Maintained monthly cadence of community calls and scientific forums, and quarterly newsletters
- Multiple Titan Award nominees from APAC

2026 OHDSI APAC Goals

Make APAC more **RESEARCHABLE!**

Research

Build research expertise and collaboration amongst the different chapters through publication

Milestone

- Conduct a network study that addresses an evidence gap in the APAC region but simple enough to enable participation from the entire community

Training

Create an APAC training program to expand reach to the general community and provide more opportunities for hands-on learning

Milestones

- Continue and finalize establishment of a formal OHDSI/OMOP curriculum in APAC

Communication

Create collaboration activities that encourage collaborative generation and dissemination of evidence that promotes better health decisions and better care

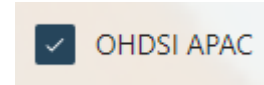

Milestones

- Host APAC symposium
- Continue monthly community calls and scientific forums, and quarterly newsletters

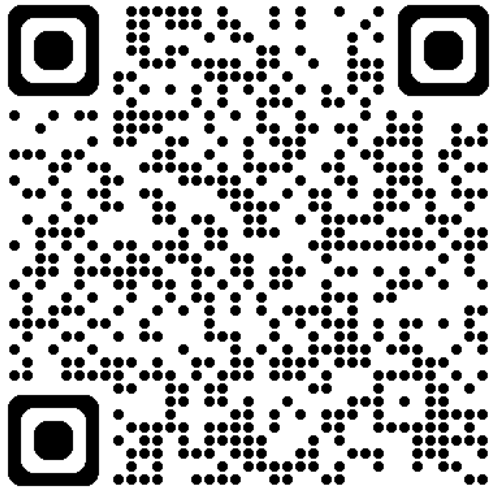

Join Us

[Sign up](#) for the OHDSI APAC WG!

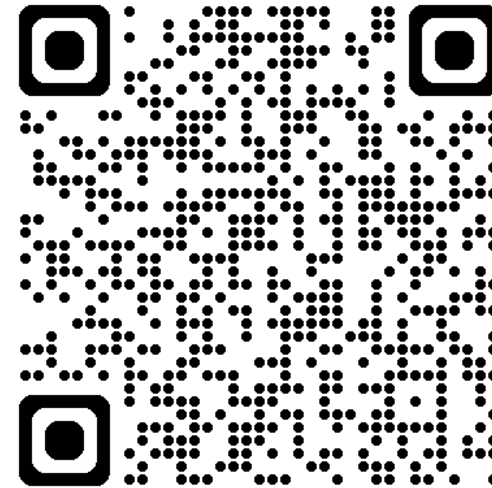

- APAC Community Calls
 - Every third Thursday, 12 p.m. Korea time

- APAC Scientific Forum
 - Every first Thursday, 12 p.m. Korea time
